Miami Lighthouse

Heiken Children's Vision Program

### **We express our gratitude to the optometric community...**

Since its inception in 1992 by the Miami Dade Optometric Physicians Association (MDOPA), the Heiken Children's Vision Program has provided free comprehensive eye examinations and eyeglasses to low-income schoolchildren who had no other source for vision care. The program was started by MDOPA members who were concerned about the number of children failing school vision screenings but not receiving follow-up eye care because of financial need. Our Heiken Program ensures that schoolchildren who have no insurance will no longer have to struggle because of uncorrected vision problems, which usually are easily corrected.
