

MEDIA ALERT

MIAMI LIGHTHOUSE AND BACOM PALMER EYE INSTITUTE PRESENT
“LIVING WITH LOW VISION” SEMINAR ON MONDAY, FEBRUARY 24

WHAT: Living with Low Vision

WHEN: Monday, February 24, 2020
10:00 A.M. – 11:30 A.M.

WHERE: Bascom Palmer Eye Institute
Jose Berrocal Auditorium, 2nd floor
900 NW 17 Street
Miami, FL 33136

DETAILS: Presented by Bascom Palmer Eye Institute (BPEI) and Miami Lighthouse for the Blind, this seminar is being presented free of charge to counsel local residents and the families of those who have experienced significant loss of vision.

World renowned ophthalmologists from BPEI will present information about the latest findings and treatments related to Macular Degeneration, Glaucoma, Diabetic Retinopathy, Cataracts and other eye diseases. Additionally, experts from Miami Lighthouse will present new technological breakthroughs and other vision-aid devices available through its Vision Solutions Center.

NOTE TO EDITORS: Media are invited to attend this seminar and interview the medical and technical experts who will be speaking. Vision loss affects tens of thousands of South Florida residents, particularly senior adults. Many can continue to preserve their lifestyles and continue to pursue their interests by learning the valuable information to be conveyed at the Living with Vision Loss seminar. For more information, contact Miami Lighthouse Chief Program Officer Carol Brady-Simmons at 786-362-7480 or csimmons@miamilighthouse.org.
